Zachary,

My name is Jason Tallman. I am the president of the New York State Professional Servers Association we represent over 300 process servers and process serving agency owners across the state. One of our members Nicholas Hudson just received an email from you stating that process serving agencies were considered an "essential business".

Is this an announcement I can make to all of our members? If so are you comfortable saying that the approval came from you?

Regards
Jason Tallman - NYSPPSA President

I'm sorry for taking so long to reply to this. I just received an email from our legal team to advise you that Process Servers are deemed as an essential business. Please feel free to share.
